

# BUILDING YOUR LOW ENERGY DREAM HOME

## PRESENTATION TIMETABLE

**09.30** *Registration and refreshments*

**10.00** **Welcome and Setting the Context - Andrew Carpenter, CEO, Structural Timber Association**  
Timber construction is the method of choice for self-builders; role of Structural Timber Association; STA Assure defines the standard for structural timber; your two hosts Scotframe & Flight Timber are both STA Assure GOLD members; as well as an informative seminar your hosts & speakers are available for optional private consultations immediately after lunch.

**10.15** **The Val-U-Therm Building System - Bryan Woodley, Managing Director, Val-U-Therm**  
Using a Fabric First approach, the state-of-the-art Val-U-Therm building system delivers designs that suit your needs, lifestyle & aspirations. This is a precision engineered timber construction method with factory injected insulation. Its thermal performance, environmental & speed of build benefits are summarised.

**10.45** **Funding Your Structural Timber Frame Home - Ian Thompson, Mortgage Advisor, BuildStore**  
The most successful self build projects are those that have been planned well from the start and this means knowing your budget and understanding your borrowing options early on. BuildStore is the UK's leading expert in homebuilding finance with access to a range of borrowing solutions, including exclusive mortgages. Find out how we can help you fund your homebuilding plans.

**11.05** *Refreshments*

**11.20** **No need for a formal heating system when you have heat pump ventilation - Clarissa Youden, Associate Director, Total Home Environment**  
All you need is the air that you breathe to have a healthy home with sustainable heating, cooling, hot water and heat recovery ventilation, all in one very energy efficient and precise system.

**11.40** **How To best Orchestrate your Build Project and Achieve Cost Certainty - Ray Vince, Self Build Project Coordinator**  
A brief review of how best to organise, arrange and employ the various consultants and trades involved in a project based on Ray personally building his own self build.

**12.00** **Val-U-Therm Case Studies - Bryan Woodley, Managing Director, Val-U-Therm Ltd**  
A variety of beautiful homes that are warm, draught proof & comfortable in winter, cool & well ventilated in summer and provide a healthy home environment with remarkably low energy bills.

**12.30** **Panel Q & A**  
Seminar speakers and Malcolm Thomson, Sales Director, Scotframe Timber Engineering and Terry Green, Sales Director, Flight Timber Structures.

### Surgeries

Optional 15-minute private consultation sessions available with Scotframe, Flight Timber, BuildStore, Total Home Environment, Val-U-Therm, Ray Vince and Ian Watson (Self Build Project Coordinators).

**Saturday 14th September 2019 • 9.30am - 1.00pm**

At The National Self Build & Renovation Centre, Swindon
